

**Our traditional
alcohol from
beet & wheat**

Tereos has been active in the alcohol market for almost 100 years, and our expertise positions us as a major player in the alcohol and ethanol sectors.

Food & beverages

CLEAR / COLOURLESS / NEUTRAL

Described as neutral and without any distinctive character, our alcohol is clear, colourless, and odourless. It enhances the taste and aroma of food, drinks, and spirits, and can influence texture by altering the consistency of your end products.

Pharma

EXCIPIENT
API

SOLVENT / SUPPORT / ACTIVE
INGREDIENT / HIGH PURITY

Our high-purity ethyl alcohol range is dedicated to pharmaceutical and medical applications as excipients and Active Pharmaceutical Ingredients (API). Widely used as a solvent due to its ability to effectively dissolve various drug compounds, ethanol also has bactericidal, fungicidal, and virucidal actions, making it useful in topical preparations.

Chemistry

SOLVENT / MISCIBLE WITH WATER / CLEANING

Our alcohols play an essential role in the chemical industry, particularly due to their effectiveness, safety of use, and versatility. They serve as intermediates in the manufacture of various products, including textiles, dyes, detergents, and paints. Additionally, they are used as solvent, antifreeze and antiseptic.
